

entertained. The educative content is woven into a set of stories, set in a fictional place called Marvel Land. A group of kids on Marvel Land namely, Saysha, Molly, Sandy, Pete, Bobby, Gobby and Budo along with their heroes Vaayu and Maya go on various fascinating journeys and adventures, and in the process learn about different aspects about the world around them and the enormous natural bounties of nature!!

NATURE'S GIFT - VEGETABLES

MOLLY throws a tantrum and decides not to talk to anyone when her mother refuses to give her ice cream all the time instead of regular food. Although the kids try to placate her but she remains adamant. MAYA pampers MOLLY since only she could make her understand. MAYA soon discovers that not only MOLLY but GOBBY also dislikes vegetables, specially the green vegetables. With VAAYU'S help she takes all of them to the farm of vegetables. It is here that the kids discover various varieties of vegetables. This experience even tempts MOLLY & GOBBY to eat vegetables. They all come to know that vegetables are the nature's very special gift to everyone to stay healthy.

TREASURE ISLAND - ROOT VEGETABLES

One day while playing BOBBY & SANDY see rabbits on the other side of the river. They call everyone to enjoy the rare sight. That's when BOBBY notices a strange thing, the rabbits digging under the plants on the bank of the river. They see the rabbits running into the bushy forest with something they dig out from under the plant. PETE claims it could be a treasure as he heard in a story that treasures are hidden under the earth. Now, as none of them had ever seen a treasure before they seemed very anxious to see one. As always its VAAYU & MAYA who fulfill their wish. MAYA with the help of a magical crystal ball finds a Treasure Island. VAAYU takes all of them on his white cloud to the Treasure Island where the kids imitate rabbits. They play & they dig. They discover a variety of root vegetables in the process and are very happy to learn that root vegetables are no less than treasure because of their rich qualities.
